Maintenance Tips

In order to maintain your ten year warranty, please follow these care instructions:

- Once or twice a week, wipe down your shower door to remove body oils, soaps and shampoos from the surfaces.
- The glass should be cleaned every few weeks using a damp microfiber cloth and a mild detergent or soap to remove any soap scum and grime from the glass.
- Do not use paper towels or any abrasive tool to clean the surface.
- The sealed surface is warranted with regular maintenance and without the use of any harsh chemicals or detergents.

Caring for Non-Treated Glass

- After each use, rinse with water and wipe down your enclosure with a soft cloth/towel or squeegee to maintain that like new look.
- The glass should be regularly cleaned using a damp microfiber cloth and a mild detergent or cleaner to remove any soap scum and grime from the glass.
- We recommend Lysol Bathroom Cleaner as safe for shower doors, but please test any commercial cleaning solutions on an inconspicuous area before applying to the entire enclosure. Be sure to rinse all surfaces completely and wipe dry.
- Never use any abrasive material or harsh chemicals to clean surfaces and do not allow cleaners to soak on surfaces.

Factory-Applied Redi Clear™

With minimal care, your shower enclosure will stay clean for years to come. Factory-applied Redi Clear™ is an ultra-protective coating that bonds to the glass, repelling moisture and soap film. This glass protection system carries a 10 year warranty, provided that proper maintenance is used. Please review our maintenance tips to protect your investment.
