

## **Tile Redi hosts installation video on website**

(5/15/2009)

[Coral Springs, Fla.] Tile Redi has launched a new comprehensive installation guide video on its website at [www.tileredi.com/video.php](http://www.tileredi.com/video.php).

The installation video offers a step-by-step guide on installing a Tile Ready shower pan from start to finish in less than seven minutes. Included in the live installation guide video is the proper method for installing Redi-Flash, an aluminum strip of flashing that adds additional protection against the threat of moisture penetrating down behind the finished tile work.
