Tile Redi®, manufacturer and marketer of pre-formed, one-piece shower pans, has announced the introduction of another innovative shower pan design for 2011 with the Tile Redi MultiCurb™ Shower Pan. Tile Ready® shower products are easy to install and guaranteed to be 100 percent leak-proof, and the Tile Redi MultiCurb shower pan option has been designed perfectly for showers placed in the corner of the bath or anywhere that easy entrance to a shower is required. The Tile Redi MultiCurb product features two of the four sides of its one-piece, pre-formed and pre-pitched shower pans easily accesible to enter or step into the shower.

Tile Redi patented and UL-listed shower pans are manufactured as pre-formed, one-piece molded shower modules. Complete with fully integrated drains, curbs and splash walls, each leak-proof unit is pre-pitched for easy drainage. By solving water intrusion problems, Tile Redi shower pans inhibit the growth of mold and mildew. For further information, please contact: Tile Redi, 4450 NW 126th Avenue, Suite 101, Coral Springs FL 33065 800-232-6156 www.tileredi.com
